

## **FREE Workshop: Save Up To 60% On Your Utility Bills**

Interested on saving up to 60% on your utility bills? Here is your chance to learn how: Green Energy Act™, a BPI™ (Building Performance Institute) accredited company, will be holding a free "Going Green" workshop on Friday, June 26, 2009 from 7:00PM to 9:00 PM at the Buzz Café, located at 91 Windermere Ave. The workshop is intended for helping business and home owners save money while enjoying the benefits of sustainability. We will present and educate you – home and business owner - on how to achieve **significant savings** by employing energy efficiency as well as sustainable energy solutions. Topics discussed will include solar and geothermal systems as well as wind and proper insulation. You will also learn how you can receive up to 30% of your green improvements as incentives and tax credits.

**Participation is free but space is limited.**

Please make sure to **RSVP now** by calling Buzz Café at (845) 477-2145 or Green Energy Act at (646) 330-5270
